PROGRAM READY FOR POW-WOW WEEK HERE

Officials Announce Alluring Numbers, Set Stage for Big Event

With only two weeks remaining until the opening of the Yo-Kaya Pow-Wow and Harvest Festival, September 18th to 25th activities at the headquarters are rapidly assuming more definite proportions, and officials of the organization promise that everything will be in readiness for the opening of the big show at 10:30 a. m. Monday the 18th.

Chairman, Edward A. Eversole of the Parade Committee announces that the opening day pageant will be the greatest street parade ever seen in Ukiah, $800 in cash prizes will be offered for floats and decorations and entries are being received from many different points including Cloverdale, Kelseyville, Lakeport, Upper Lake, Willits and Fort Bragg. An attempt is being made to obtain at least three bands of music for the parade. Ukiah will be gaily decorated in flags and bunting and the official colors purple and gold for the occasion. Mayor George P. Anderson and the City Trustees are lending their best cooperation in having the streets properly decorated and illuminated and the lower end of Main Street and Mill Street leading into the Fair grounds are being graded and leveled up this week. Gravelled sidewalks are also being constructed from State Street to the main entrance at the end of Mill Street.

The last of the publicity special features, i. e. the big posters, are being put in every section of Mendocino county this week, also in Sonoma and Humboldt counties. The posters were put up in Lake county last week.

H. L. Bergstrom of Ukiah was awarded the contract for the construction of the enormous platform for dancing, also the livestock sheds and pens. Work is progressing very satisfactorily at this time according to Mr. Bergstrom.

The Indian Village Committee is hauling tulle from Lake county for the construction of the quaint little huts in which the Indians will be housed. It is expected that rapid progress will be made in the construction of the Indian Village during the next week or ten days.

The County Farm Bureau Exposition Committee in charge of the agriculture and livestock exhibit has completed the premium list which is now on the press and will be ready for distribution this week.

The Executive Committee announces that a big vaudeville show has been rehearsing in San Francisco for several days to entertain the Pow-Wow visitors. This bill will be featured by a big revue in which ten girls and one man will participate. This act will run about twenty minutes and will provide for three changes of costume each performance. There are fourteen sets of costumes to be furnished for the entire 8 days and the bill will be changed twice during the Pow-Wow, making three different shows. The vaudeville program will provide for the well-known and versatile dancing team composed of Miss Verna Mersereau and her partner, George McCormick. This act has been a headliner on Pantages for three seasons and the principals are now laying off until next month when they leave for New York to begin their winter booking. Another offering will be an accordion act featuring Miss Torrano, who is highly recommended. Miss Torrano is a diminutive little Miss in her early teens and will be accompanied to Ukiah by her mother. She is reputed to be an artist of real merit. Berg and Bartelli, comedy acrobatic actors recently returned from a world tour arrived in San Francisco from Australia last week. and will leave for New York following their engagement at Ukiah. Another favorite will be Stella French, an international favorite, who comes from Glasgow, Scotland where she was quite a favorite in the pantomimes that are held yearly there. She is on a visit to relatives in San Francisco at this time and has been induced to accept some engagements in America. She specializes in Scotch and Irish songs and makes a feature of the Bagpipes.

The Covey sisters are two girls of a talented family and they specialize in acrobatic dancing. These girls also will leave for the East following their engagement here. Frankie Darling and Billie Turner are billed as "Two

HATCHERY IS LEASED BY TOWN BOARD

The application of the Fish and Game Commission for a five-year lease on the Ukiah hatchery was considered favorably at the meeting of the town board Monday evening. It was pointed out the expense necessary to develop the water supply for the city would not compensate for the amount of water secured.

ATTENDS FUNERAL OF OAKLAND ACCIDENT VICTIM

Oscar Hargis has returned from Oakland where he was called to attend the funeral of his nine year-old niece, Thurza Hargis Allen, who was killed in an automobile accident in Oakland last week. Additional details of the tragedy were brought to Ukiah by Mr. Hargis who states the driver, A. A. De Grassi, who ran down the little girl and seriously injured Mrs. Gussie Hargis Harrison, the aunt, left his victims in the street where they were picked up by bystanders and taken to Merritt hospital.

Dr. and Mrs. Allen were absent from home on a week-end trip at the time of the accident and were not reached until a radio message located them at Klamath Falls late Sunday evening. Mrs. W. P. Fuller, aunt of the little girl and sister of Mrs. Harrison who was at her summer home in Gravelly valley, this county, did not reach the injured until death had claimed the child.

A peculiar coincidence in connection with the affair is that L. D. Hargis, a brother of the family, was struck down Wednesday in San Francisco by a motorist while crossing California street and suffered a broken ankle. He is at the Merritt hospital also.

MARRIAGE LICENSES ISSUED

The following marriage licenses yere issued at the county clerk's office during the week: Aug. 28 William Robert Ford, aged 21 and Freda Ruddick, aged 22, both of Ukiah; On Sept. 2 H. W. Carr aged 48 of Ukiah and Willie Maze, aged 45 of Potter valley; On Sept. 2 Benjamin C. Scott, aged 25 and Kathryn Cornell, aged 18 both of Fort Bragg.

On Sept. 5 Mervin Earl Gravier, 27 and Blanche Morrison 22, both of Covelo; on Sept. 5 Alexander Wallace Ford, 30 and Jessie Jack C. Orr 22, both of Calpella.

FIRE DEPARTMENT CALLED FOR 2 BLAZES

FIRE DESTROYED RESIDENCE

The Ukiah fire department was called out Saturday afternoon for a fire at the J. R. Gibson home in the Todd addition to Ukiah. Although the department responded instantly the dwelling was consumed with its contents.

The firemen did good work however in preventing a grass fire of huge proportions which would have menaced many dwellings in that section.

The loss estimated at $3000 is partly covered by insurance. A pathetic incident in connection with the fire was that Mr. Gibson, who was working on the state highway, had no intimation of his loss until he arrived in the evening to find his family homeless.

FIRE ALARM SUNDAY

A fire alarm was turned in Sunday afternoon for a blaze outside the city limits. The fire consumed a shed in the country lane off the Talmage road just south of the Ukiah bean cannery. The blaze attracted a large number of spectators owing to its proximity to the cannery, many rumors at first being spread the cannery was on fire. The Ukiah fire apparatus stood by to give aid if necessary in case of a grass fire.

Death Takes Son of Carl J. Ley

"Jack" Ley, the 14-year-old son of Mr. and Mrs. C. J. Ley died at Calpella Monday evening following a short illness. The lad had recently returned from a hunting trip with his father and appeared to be suffering from the bite of an insect on the face. The inflammation developed into an infection from which he died after the best medical aid had been secured. Young Lay was a particularly bright, lovable lad and infinite regret is expressed over his untimely death. He came to Ukiah several years ago, in company with his father and three younger brothers. Mr. Lay is a well known authority on tree surgery and came here with Mrs. Requa Long of Oakland when she purchased the property known as Lane Springs at the head of Redwood valley. He remained in her employ for several years after which he became interested in land near Calpella. The funeral service will be held this morning at ten o'clock the Rev. W. W. Breckinridge of the Presbyterian chruch officiating.

Boyhood's Days In Ukiah Recalled

There came from Frank L. Perkins, newspaperman who was raised here and who is now in charge of the publicity department of the Arnold Automobile company, Los Angeles, a letter enclosing a contribution for the Budd Smith memorial. In the letter Mr. Perkins said of his dead friend: "I am enclosing a small contribution to the fund for a memorial to Budd Smith, that quaint, whimsical character whose half philosophical, half humorous and always sympathetic utterances form one of memory's treasures of my boyhood days."

Spoke Well of Sheriff Byrnes

In the same letter from Mr. Perkins came a fine resume of the official career of Sheriff R. R. Byrnes; the letter, unfortunately, came too late for use in the issue of The Republican Press just before the recent primary.

DEATH SUMMONS FOR AGED SPY ROCK MAN

Funeral services were held here Sunday afternoon for O. A. Vann of Spy Rock who died suddenly Friday afternoon at the home of his sister, Mrs. George A. Johnson at 731 South State street. Mr. Vann had arrived here a few days previous and although a sufferer from heart trouble, was feeling particularly well upon the day of his death. Shortly after enjoying a hearty dinner Mr. Vann retired to his room and a few minutes later Mrs. Johnson heard him fall and summoned help. Upon the arrival of Dr. L. K. Van Allen death had ensued. The coroner's jury sitting Friday evening, brought in a verdict of death from heart failure. Mr. Vann was born in St. Helena and was 64 years old. The funeral service was held from the Eversole chapel at 2:30 p. m.

ORIENTAL TAKES INDIAN BRIDE IN CEREMONY FRIDAY

Kipling's theory that "East is East and West is West and never the twain shall meet" was exploded in Ukiah Thursday when Jack H. Kubo, full blooded Japanese resident of the Ukiah valley aged 23 years secured a license to wed Ada Eleck, fifteen-year-old Indian maiden who was accompanied by her parents who gave their consent to the unusual mating. Beverly Broaddus, deputy county clerk, secured the advice of District Attorney Gibson before issuing the license. The girl is said to be only three quarters Indian, one of her parents being a half breed.

UPHOLDS LOWER COURT

The Supreme court has reaffirmed the decision of the appellate court in the estate of Frank Perry, Covelo Indian, and S. Bassetti, blind pigger who will have to serve the jail sentencee imposed on him several months ago by Judge H. L. Preston.

Mr. and Mrs. William Bromley returned Tuesday evening from a short stay in San Francisco.

Mr. and Mrs. W. E. Williams and two sons left this week for Sacramento to attend the state fair.

CLAIMS JUDGE STURTEVANT WAS PUT IN FALSE LIGHT

The communication printed below has been received by The Press and this newspaper believes it should be published. The article to which exception was taken appeared in The Press, having been taken from the Willits News by this paper. The letter runs:

The Ukiah Republican Press
Ukiah, Calif.
Gentlemen:

In your issue of Aug. 23, there appears an article under the heading "Hopland-Ukiah to be a Paved Link."

In this item you say that: "The granting of the right-of-way on the adopted survey was held up for nine years by G. A. Sturtevant who induced Blalack and Hewlitt to join him, etc."

This paragraph is a gross misrepresentation of the facts and casts an unwholesome light upon the acts of Judge Sturtevant. I hereby assure you that, in no manner, did Judge Sturtevant induce me to hold up the granting of the right-of-way.

I did it simply because I felt the proposed work, as was planned at that time by the Highway Commission, would not build a road that would be passable during all seasons of the year. Also that the unnecessary expenses to the tax payers of Mendocino county, due to the changing of the right-of-way would not be compensated for by the short saving of distance. This view was borne out by two sets of viewers and I would suggest you obtain the reports of the disinterested parties. Possibly that would somewhat modify your present views.

Yours truly,
CHAS. E. BLALACK.

Expert Will Look Into Gas Plant

At the meeting of the town board last evening information was given out that the railroad commission would send an engineer here Thursday to investigate the gas shortage. Much local advice has been forthcoming but it is the intention of the town board to get expert advice before seeking to remedy the trouble.

HURLEY THANKS VOTERS

I herewith express my sincere thanks and appreciation to my many personal friends for their numerous kind considerations extended to me in my campaign for the office of District Attorney. I wish it were possible to thank each of you personally. I appreciate the loyal support of the voters of Mendocino county at the polls on August 29th. I will perform the duties of the office to the very best of my ability, without fear, without favor, and without prejudice.

Very truly yours,
J. C. HURLEY.

Appreciates Aid

With my re-election without opposition having been brought about through the goodness of the voters I wish to say that I intend to perform my duties during my coming term of office in the same manner as in the past and will ever try to meet the approval of the people.

JOS. WESELSKY

Will Be Faithful

Having been so generously endorsed by the voters of Mendocino county at the late nominating primary I desire to thank the voters for their suffrage. If I go to the state legislature my sole aim will be to do what is best for the taxpayers of my home county.

PAT CONNOLLY

THANK VOTERS

The following cards of appreciation have been handed The Press with the request they be published:

To Voters of Mendocino county:

I very greatly appreciate the confidence shown in me by the vote I received at the primary and will do everything possible to make good in a satisfactory way.

W. F. ORNBAUN.

I take this means of expressing to my friends, who supported me in my campaign for justice of the peace my heartfelt thanks and deep appreciation and the hope that they will continue to support me in the final campaign to be decided in November.

ELMER G. BUSCH.

MRS. A. BROWN IS TAKEN BY DEATH

After an illness of several weeks Mrs. Affenia A. Brown anewered the final summons Saturday morning, Sept. 2 at the home of her daughter Mrs. Clifford Foster at Cloverdale. Funeral services were held from the Brown residence in West Clay street, this city, Monday afternoon at 2:30 o'clock the Reverend B. B. Connor of St. John's M. E. Church officiating. Mrs. Brown was widely known here where she was engaged in business for a number of years with her husband, first in the Brown Candy store and later in the Brown Shoe store in State street, and her death will cause much sorrow in Ukiah where she has resided for more than 20 years. Mrs. Brown leaves one daughter, Mrs. Clifford Foster of Cloverdale and a sister and other relatives. She was 56 years old. Death followed a stroke of paralysis suffered several weeks ago at her home in this city. The pall bearers at the funeral were made up of Ukiah and Cloverdale friends, those from Ukiah being Lee Cunningham, James Elder, Hale McCowen, Sr., and T. J. Williams.

Looked Into The Mouth of Rattler

R. Rampont underwent an experience the other day he would not like to be again called upon to go through. Mr. Rampont had gone to a small spring on property just off the Boonville road, and had just straightened himself out flat to get a drink when a slight noise just ahead of him attracted his attention and upon raising his eyes he saw, less than a foot from him, a rattlesnake, coiled and ready to strike.

Blindness Helped

Getting out of his dangerous position as quickly as he could, Mr. Rampont got a shotgun and shot off the head of the rattlesnake. He exhibited the reptile in town Friday evening. The snake was about four feet long, very thick through the body and had nine rattles. Had the snake not been shedding its coat and blind Mr. Rampont would undoubtedly have been struck. It was but a few days before killing the last rattler Mr. Rampont, at about the same place, killed another large rattlesnake, probably the mate of the last one.

LEGAL LIGHTS SHINE IN LOCAL SUPERIOR COURT

An array of metropolitan legal lights illumined the local courtroom Tuesday morning when Judge Rolph H. Thompson of Sonoma county sat for Judge H. L. Preston who was disqualified. The case is the well known one of the Bank of California vs. Ben Noonan and the trial, which is a jury one, will probably last for several days. Representing the Bank of California are Attorneys Pilsbury, Madison and Sutro of San Francisco and Thomas, and Thomas and McCowen of Ukiah. Attorney Robert Duncan of San Francisco is representing Noonan.

BOARD MET LAST NIGHT

Owing to Monday being a holiday the town board did not meet until last night when the usual routine of business was transacted and the monthly bills paid.

UKIAH HOMES MADE HAPPY

The following births were recorded by Dr. L. K. Van Allen during the week: To Mr. and Mrs. C. W. Dahlstrom, on Sept. 31, a daughter; to Mr. and Mrs. E. J. Sanford, on Aug. 2 a son; to Mr. and Mrs. J. T. Miller, on Sept. 29, a daughter; to Mr. and Mrs. Merten Christy, on Sept. 4, a son.

CANDIDATES LEAD INCREASES AS FORETOLD

But Little Change Developes As Recount Is Made Here

The political campaign of Mendocino county aspirants for office which closed last week, was particularly free from mud-slinging. Unlike the reports from other districts the candidates made a clean fair fight and there is little, if any, hard feeling. The results as given in last week's Press were correct except in one or two instances. Ornbaun surprised by his strength winning more than two to one over his nearest opponent and Connolly winning both nominations by the safe margin of over 400 votes.

One of the surprises of the election was the phenomenal run of Fred C. Handy in Glenn, Lake and Mendocino counties. In Mr. Handy's own precinct in Ukiah he received every vote, an unheard of precedent for any candidate. Semi-official returns from Lake county give Mr. Handy a majority of 271 for the Republican nomination and 107 for the democratic nomination. In Mendocino county Mr. Handy carried the county, Republican, by 2790 and Democratic by 975. In Williams, Mr. Mendenhall's home town the vote stood Handy, 181; Mendenhall, 121.

Ukiah went 8 to 1 for Mr. Handy who is the first Republican ever elected in the 4th Senatorial District.

Owing to the fact Monday was a holiday the board of supervisors did not meet to canvas the returns until Tuesday morning when a double shift was put on. The count was still going on at midnight with an interruption of several hours while the tax rate was set. The Press regrets it is not able to give to its readers authentic reports of the official returns which will not be known for two or three days.

In the Republican primaries the office of assemblyman, which was last week considered doubtful, goes to Connolly by a safe majority of over one hundred. Not one of the county candidates will have to make a fight in November which is an extremely unusual condition of affairs.

HELPED IMMENSELY

On Tuesday night when the returns from the primary election were coming in Mrs. Mayme Green chief operator assisted in a very material manner in providing the crowds with the latest bulletins of the day. Mrs. Green had worked all day as usual and volunteered to return in the evening and aid the night corps and did so in a way that entitles her to the thanks of all whe were interested in the receipt of the returns. Of course the office force would have gotten the cails through, but with the aid of an experienced operator like Mrs. Green the task was made a great deal easier.

Frank Cook, prominent resident of Philo, was attending to business matters in Ukiah yesterday.

Mr. and Mrs. Ed. Gibson of Covelo passed through Ukiah this week enroute to San Francisco where they will make their home.

Miss Edith Hoag left the last of the week for Sonoma to teach in the high school there.

MENDOCINO COUNTY FARM NEWS

VISITORS WILL LEARN MUCH AT STATE FAIR

The agricultural division of the University of California has installed a large and comprehensive exhibit at the State Fair. The exhibit is representative of the work of the two university branches located at Berkeley and Davis, and is under the direction of W. J. Norton.

Improved quality agriculture is the theme of the entire exhibit and each of the 17 divisions represented lays special stress on quality production.

The Old and New Ways

The dairy division shows the improvements in the quality of dairy products by actual comparison with the methods used 50 years ago. For this purpose the entire state was combed for ancient dairy equipment, with the result sufficient antique equipment was unearthed, some in actual operation, to make an interesting display of dairy progress.

Much To Learn

The division of grains, shows the improved quality of grains and seed selection and from the laboratory at Berkeley has come an exhibit of manufactured fruit products, such as jams, jellies, marmalades and grape-juices.

Fifty-six scarce varieties of grapes have been brought from the college vineyards and the Plant Pathology department shows the effects of "Brown rot" on the production of fruit trees, gives talks on farm management, makes a display of model farms on a large and small scale, and demonstrate the necessity of diversified agriculture on the average California farm.

Another feature of the exhibit is a showing of improved packs of fruit and care of orchards, the feeding value of rice to livestock, and the improved quality of products from the land settlement colonies located at Delhi and Durham. A variety of California soils are shown and the latest methods of irrigation demonstrated.

Co-operation Will Solve The Problem

Not many years ago it was the rule farmers' co-operative organizations were a failure. To-day the failures are the exceptions.

Sonoma and Marin counties have three big co-operative creameries owned by farmers and operated by boards of directors composed entirely of farmers, namely Bodega Co-operative Creamery, Point Reyes Co-operative Creamery, Petaluma Co-operative Creamery. That these three co-operative creameries are successful is indicated by the fact the youngest one of them is over eight years old. All of them are showing steady growth. Of the seven million pounds of butter produced in Sonoma-Marin counties the three co-operative creameries manufacture five-sevenths or FIVE MILLION POUNDS.

Does Co-Operation Pay?

Farmers co-operative organizations like other business must pay in real dollars or there is no excuse for their existence. The dairymen who own the three co-operative creameries in Sonoma and Marin have saved hundreds of thousands of dollars by owning their own plants.

To prove this it is only necessary for those who are not selling to the co-operative to compare returns with those who do. From one to three cents per pound more for butterfat is paid by the co-operatives. This figures out a big dividend on the money invested by the dairymen in their own plants.

Future of Co-Operation

The growth of farmers' co-operative organizations is becoming more rapid every year. California has really taken the lead and eastern states are sending men here to study the operation of California's successful co-operative organizations such as creameries, raisin growers, orange growers, prune growers, apple growers, rice growers, milk producers, poultry producers and others.

It's Up To The Farmer

There is no particular reason why farm products cannot be manufactured and distributed to the retailer or consumer by farmers' organizations. In fact there is every reason to think that it can be done cheaper than by the old way. The middleman or distributor is necessary, but undoubtedly there are too many of them, and in order to get rid of the unnecessary ones, the farmers are tackling the job themselves.

GRAPE MEN ARE TAKING PRECAUTIONS

Railroads and grape growers will cooperate to move the grape crop as a result of conference on car distribution held at chamber of commerce headquarters, Santa Rosa, between Mendocino and Sonoma counties growers, railroad officials and representatives from the state division of markets.

Many Attended

More than 100 grape growers were present and many of them took part in a discussion of ways to distribute fairly the cars as they are available. J. J. Geary, general freight and passenger agent of the Northwestern Pacific railroad, presided. A schedule showing the time empty cars will arrive and shipments will leave the various shipping points in the two counties is to be prepared and posted at each station.

To Watch It

It was announced that with the increased facilities at the National Ice and Cold Storage, Santa Rosa, it would be possible to ice all refrigerator cars going out. Mr. Geary will return to Santa Rosa to interview the growers further, he announced, stating hereafter it will be the custom for the railroad officials to meet each year with the growers in an effort to arrange proper movement and distribution of cars.

SUBSCRIBER CAN IMPROVE OWN TELEPHONE SERVICE

Naturally everyone who uses the telephone desires a continuous and efficient telephone service. There are many little ways in which the telephone subscribers can assist the telephone people in their efforts to provide such service.

For instance, a simple knot in your telephone cord is apt to cause a break in the service. The knot weakens the delicate wires contained in the cord.

If the cord rests against a wet umbrella, or on the sponge on the desk or against any other wet object, telephone trouble may follow. Thousands of trouble complaints arise from such incidents. By taking care to avoid such troubles, the telephone user will benefit by having a continuous service while the company will be able to use its repairmen and materials for other greatly needed work.

Don't leave the receiver off the hook when through talking. Don't allow it to rest on a book or other object when hung up. In Connecticut in one year 32,000 "troubles" were caused in this way.

When the receiver is left off the hook or resting on a book it means to the operator that the telephone is in use and it cannot be reached by any other subscriber until the condition is corrected.

Mr. and Mrs. Anthony Sampson of San Francisco returned home after a pleasant visit at the Gobbi home in this city.

COAST MAN HAD CLOSE CALL WHEN WHARF FELL

(Fort Bragg Advocate)

Jim Cooley had a close call from death Friday afternoon when about 90 feet of the Greenwood wharf collapsed and fell into the ocean. The section of the structure leading from the mainland to the large rock fell. Cooley was operating a small tractor which was pulling a load of lumber. The wharf gave away from both ends at once and remained intact and right side up as it struck the water, a distance of about thirty feet. The load of lumber capsized and Mr. Cooley was thrown into the water. He came up amidst the floating lumber but was uninjured, the water being about 7 feet deep. Philip Bourns, had been driving the tractor, this being his regular job. A few minutes previous, however, he went out on the end of the wharf. The tractor was hoisted aboard the boat which was loading in the harbor.

WIRELESS

In summer evenin's, calm an' still, we used to hear the whippoorwill send forth his plaintive note; we heard the twitter of the frog—the baying of the old coon-dawg,—the gruntin' of the shot. . . . The glory of the summer night, when cricket's chirp an' skeeter's bite, lent sperit to the hour,—delightful in its warp an' woof, the rain-draps on the clapboard roof, grew dreamers full of power. . . . But now, alas! The modern way commences when we hit the hay, an' scorns the midnight bell. . . . We hear the squawks from Timbuctoo—the dismal groans from Waterloo,—the frenzied shrieks from hell! We gather in all noise that's made,—the devilish rot of every grade—broadcasted through the air. . . . We tune our dingus up at night, and ketch the hymns of hate an' spite, that's let off—everywhere! I used to use a poultice hot, for all the innard pains I got—to draw 'em to the skin,—but I ain't got no keen desire fer rigs that draw without no wire, an' fetch hysterics in!

For Uncle John.

NOT IN ACCORD

THE other day this page saw in one of the big daily newspapers a story which said new vigor is being infused into the almost dormant Prohibition party with these strangely coupled aims. To elect dry congressmen and dry state legislators, irrespective of political parties—and to prevent the Anti-Saloon league from "running prohibition."

This is the statement of John McKee recently elected New York state chairman of the Prohibition party.

Mr. McKee is a Brooklyn real estate man, 70 years old, a temperance worker all his life. He is also treasurer of the Native Races Anti-Liquor Traffic association and treasurer of the Prohibition trust fund which has $38,000 left in bequest to fight booze.

"The Prohibition party in this state as in other states," says Chairman McKee, will put tickets into the field at the coming election but though the party machinery will be preserved the tickets will contain the names of dry candidates of the major political parties. In other words we are not fighting for our party ticket so much as we are for dry officials, no matter what their political affiliations. Our aim is to set a fox to guard the geese. The man who likes beer isn't fit to enforce the dry law. It is the real prohibitionist, who drinks dry as well as talks dry, who ought to enforce it. We are also against the Anti-Saloon league. It may want prohibition, but it wants to run it and maintain its members in jobs as censors of morals.

"The Anti-Saloon league is one of the worst enemies of the Prohibition party. It is a dominating. tyrannical crowd, and it should be compelled to render a public account of the money it collects and spends."

This, Mr. McKee was told, was exactly the proposal made by Governor Edward I. Edwards in his campaign for United States senator from New Jersey.

"I don't care if it is," said Mr. McKee, "Governor Edwards is a wet and I am a dry—but I agree with him in his opposition to the Anti-Saloon league.

"The big fight between the drys and wets is on national and state legislators. The drys are in the majority 2 to 1, and we mean to hold our own and increase our numbers if possible.

"We are against light wines and beer because the liquor traffic cannot **be regulated—it must be abolished.** I think the wine and beer agitation will **die out in two** or three years and bootlegging will cease within 10 years. Only death can cure the old drunkard.

"All this trouble and controversy and enforcement failure and breaking of the law are due to the fact that the eighteenth amendement was not properly written.

"The amendment says 'intoxicating liquor. If it had said 'alcoholic' liquor **we would** now have prohibition in fact instead of theory. We shall have it eventually, and without changing the amendment, too. The biggest force in bringing it will be the Prohibition party not the Anti-Saloon league."

Mr. McKee predicts the return to congress of Randall of California in the next election, and the victory of at least two additional dry congressmen in Ohio, as well as some in other states.

THEIR BROTHER'S KEEPER

IT was only recently, according to the manner in which this newspaper sees it, the supervisors of Sonoma county truckled in a way self-respecting men will decline to approve. From facts which have developed, it appears the California Grape Growers association members had decided to hold a meeting in Santa Rosa and, most of the members understood the meeting was to be held in the Sonoma county court house. Now, by every rule or rhyme or reason, these men were entitled to use a room in the court house for their business session. The members were among the heaviest taxpayers in Sonoma county; they were law-abiding citizens and they were to meet and discuss business matters, yet, despite this, the supervisors, or at least enough of them to carry the point, declined to allow these gentlemen to hold their meeting because, so the supervisors, or some of them, stated, a campaign to oppose the Wright Act was to have come up at the meeting. It is just such intolerance as this; such claims as there is only one side to the liquor question," that is concentrating and solidifying the opposition to the Volstead Act. Toleration and an understanding that others' opinions must be respected appear to have no place in the mental make-up of some people. Really, as this newspaper has before contended, the radical dry and the radical wet are the two elements in the prohibition contention which is making the settlement hard to arrive at. It is too bad.

MOST UNKINDEST CUT OF ALL

On the stage of a music hall in the east end of London a memory wizard with a pronounced Cockney accent was offering an exhibition of his skill. In response to questions from the audience he gave, offhand, and promptly, the dates of historic events, the distance from the earth to the moon, and other facts and figures without limit.

It was quite evident from the language of some of his statements that the performer was a most patriotic Briton. Invariably, when mentioning a great Englishman or a great English achievement, his voice rose exultantly.

Sitting well down in front were two Americans. They figured that the wizard must have accomplices in the house to ask him questions prepared beforehand. To find out whether or not the performer did have the powers of memory he boasted and with a view also to rousing his patriotic fervor to a still higher pitch if possible, one of the Yankees called out:

"Professor, please tell me what memorable event occurred on July the Fourth, 1776?"

Without a mement's hesitation the professor shot back his reply:

"A h'infernal h'outrage, sir!" he shouted.

WHAT PUNCTUATION DOES

Charles Alma Byers, the writer, tells this:

"You can do some wonderful things with a few punctuation marks. Here, for instance, is an illustration:

"The editor of a country weekly in a small town in Kansas, near the Missouri line, published in one of his issues the story of a little girl who asked for paper and pencil with which to write a letter to God. It read: 'Good-by, God, we're going back to Missouri.'

"The editor of another weekly, in a town just across the border in Missouri, reprinted the story, but with the statement that, while the wording of the girl's letter had perhaps been quoted correctly, there evidently had been a mistake made, intentionally or otherwise, in the punctuating.

"'This,' he said, 'is what the girl intended: Good! By God, we're going back to Missouri!'"

WHY "HONEY" WAS SLOW

She left her hubby alone in their room at the hotel while she did some shopping. She returned. The many doors and numbers confused her. But she soon decided which was her room.

She knocked and called: "I'm back, honey—let me in!"

No answer.

"Honey, honey—let me in!" she called again, knocking harder. "Honey, it's me—please, honey!"

Brief silence, then a man's voice, cold and full of dignity, came from the other side of the door: "Madam, this is not a beehive; it's a bathroom."—**Capper's Weekly.**

SILENCER NEEDED

Some time ago I took an old colored man to the picture show for the first time. When he came out I said:

"Well, uncle, did you enjoy the picture?"

"Oh, yes," he said; "the picture was all right, but the piano made so much noise I couldn't hear a word they said."—**Charlotte Observer.**

QUITE NATURALLY

It is reported Woolwine's speech at Sacramento lost him the entire vote of the invisible empire. When a candidate threatens to shoot a lot of fellows that call in the dark of the night to tar and feather him, he can't expect their support on election day.—**Red Bluff News.**

The Anti-Saloon League apparently holds that if at first it doesn't succeed, it should dry, dry again.—**Washington Post.**

NEED FOR WORRY

Stella—"I'm to be married next week and I'm terribly nervous."

Ella—"I suppose there is a chance of a man getting away up to the last minute."—**London Mail.**

Zero of enthusiasm is an inland prohibitionist supporting a wet merchant marine.—**Wall Street Journal.**

"Rum Seized in the Bay," announced by New York papers, was probably not bay rum.—**Philadelphia Record.**

A SUGGESTION

"My daughter can do anything with the piano!"

"Could she lock it up and drop the key in the river?"—**Sondays Nisse (Stockholm).**

To offset the impression made by The Literary Digest's poll on Prohibition the "dry" advocates should call attention to the stern and just hand of Providence that marooned 400 excursionists to Canada on a shoal in the St. Lawrence for twenty-four hours.—**New York Tribune.**

Society and Club Gossip

Drama Music and Art Feature Club Program

The drama never loses its interest for the Cultus Club which is once again featuring it in the year book about to be issued from the press. Likewise, art, music and literature never lose their freshness for this well known club and this year entertainment, in the form of story telling will be introduced in many of the programs.

Extreme care and thoroughness are manifested in the arrangement of the year book. The idea that resulted in the founding of this woman's club way back in 1895—culture—is today voiced in the study subjects listed which include an evening of opera in charge of Mrs. R. Thomas and Mrs. F. Morris, and reviews of current fiction. A number of the members have visited far away places and they will tell of their experiences, Miss Clow in Europe, Miss Conrad in Alaska, Mrs. McCowen in the Yellowstone Park and Miss Wooster in New York. Others who will continue these delightful travelogues will be Miss Connolly and Mrs. Austin who will talk of South America. Story tellers who will regale mentally will be Mrs. Ina Eversole, Mrs. Miriam Davis, Miss Courtright, Mrs. N. Anker, Miss Lamb. Roll call responses include "Summer Experiences," "American Inventors and Inventions," "Polar Explorers," "Scientific Research," "Humorous Stories," "American Composers," "Current Events," "American Playrights," "Colonial Days," "Spanish Eyplorers," "American Actors," "Spring" and "Irish Wit."

The club will open for the fall session on Tuesday evening, October Third with a reception at Vichy Springs. Dramatic numbers to be offered include a play on March Twentieth with Mrs. Joseph, Mrs. Preston and Miss Courtright in the stellar roles. A farce will be presented on May First by Mrs. Templeton, Mrs. Sam Orr and Mrs. Seawell. Social meetings include guest night on April Third, officers' evening May Fifteenth and a Christmas program on December Fifth.

JUNIOR COLLEGE IS NEEDED FOR YOUTH HERE

By MARIE HINTON REA

Now that the election is over why not turn the political enthusiasm which we have been using to save the country from black ruin or to elect our favorite candidates, as the case may be, to promoting a much-needed Junior college for Mendocino county.

Why not devote some effort toward convincing the people that the future education of our boys and girls depends on Junior colleges and Jnior colleges depend on the people.

This particular season, when the opening of the great universities revives the cry that the modern high school graduate is not prepared to cope with university subjects, is the time to talk convincingly of the need and merit of a Junior college to those who have the heart and the desire to do a great good to the community and so perpetuate their names to posterity as benefactors of the race.

In Ukiah there are those who have in mind general ideas of public benefactions—now is the time to direct their thoughts toward college education for the masses. The modern high school graduate is well trained fo runiversity work, all reports to the contrary notwithstanding, but he is not well trained to leave home at a tender age when the influence of the family circle means everything to him; and he may not be prepared to accept student teachers instead of the graduate teachers that the Junior college will offer him and he is not prepared to meet the often disgusting details and beastliness of college hazing with its utter disregard for personal belongings that is a blot on the fair name of the American institutions of higher learning,

Mendocino county has a home for the aged; she has a thoroughly equipped agricultural department where expert advice is given on cattle and hogs and now let us use our influence to preach the advantages and benefits of a publicly endowed Junior college for the benefit of the future citizens of America.

FROM THE SOUTHLAND

Mrs. Lucile Gibson Orr and daughter, Mildred and Mr. and Mrs. Ernest Gibson of Van Nuys near Los Angeles, were visitors to Ukiah last week. Mrs. Orr and Ernest Gibson are former residents, children of Mr. and Mrs. D. M. Gibson, for many years prominent in the life of Ukiah and were cordially greeted by many old-time school friends. They returned to Los Angeles Friday morning, where Mrs. Orr will resume her work as teacher in the Van Nuys elementary school shortly.

VISITED HERE

Mr. and Mrs. Howard Malone of Fresno were guests several days last week in the Philo Handy home. Both formerly resided here, Mrs. Malone being a sister of Fred C. Handy whose splendid majority for state senator at the polls August 29 was a source of pride to Mendocino county.

HOME AGAIN

Mrs. Irene Bond, popular matron, who formerly resided here, came up from San Francisco Saturday and will be a guest of her sister, Mrs. Mary Ruddock for an indefinite period. Many informal gatherings will be arranged in honor of Mrs. Bond during her visit.

Miller, Mrs. Irene Bond, Mrs. Jennie Mathews, Mr. Lilburn Gibson, Mr. F. T. Barker, Mr. Robert Austin, Mr. Wm. Chessal, Mr. Neil Anker, Mr. Joe Wilson, Mr. and Mrs. Edgar Dutton, Mrs. Del Hulen, Mrs. William Davis and Mr. Earl Fulwider.

WEDDING SECRET TOLD

Miss Freda Ruddick, popular young woman of the Ukiah valley and William Robert (Jack) Ford are receiving the congratulations of their many friends since the report of their wedding has been made public. The young couple did not take their friends into their confidence when they decided to wed but slipped away quietly to the parsonage of the M. E. Church, South Monday evening where the Reverend Judson Graves read the marriage ceremony.

Mrs. Ford is the daughter of Mrs. S. Ruddick. She is one of several charming sisters who have been shining social ligths since they emerged from young girlhood. Mr. Ford is the son of Supervisor and Mrs. E. M. Ford. The family connection is a large one and prominent in the political and agricultural interests of the Ukiah valley. Mr. Ford has recently completed a course in agriculture at the university farm at Davis. Many indeed are the wishes for a happy future for the young couple.

CONVENTION PLANS

The Mendocino Study Club will be hostesses to the Mendocino County Federation of Women's Clubs when that body meets in its second convention on October 7. Already the hospitable coast club is at work on plans for the convention. The organization gives promise of being a tremendous factor in the affairs of the county, particularly in those affairs that affect the home and the school.

SON IS BORN

Many messages of congratulation have been finding their way to the Carroll York home in Petaluma since the announcement of the birth of a son in that happy household Sunday, August 27. The young mother will be remembered as Miss Albina Custer, daughter of Mr. and Mrs. A. W. Custer, for several years residents of this city. The little boy is the first child in the family.

AT SUMMER HOME

Mrs. W. P. Fuller and Dr. and Mrs. James Allen and two children passed through Ukiah Thursday enroute to the Fuller ranch in Gravelly. Can you doubt the evidence of this Ukiah woman?

You can verify Ukiah endorsement. Read this:

I certainly think they are a splendid kidney remedy." (Statement given June 22, 1916).

On February 16, 1920, Mrs. Shattuck said: "My opinion of Doan's Kidney Pills is just the same as when I gave my former statement. I seldom need a kidney remedy now, but if my kidneys get slightly out of order, Doan's are sure to give me relief."

DESOLATION FOLLOWS THAT DREADFUL CRY OF FIRE

Last year, in the United States, fire destroyed $325,000,000 worth of property. This appalling loss means an average of $900,000 for every day in the year. Are you protected? Are you doing your part toward protecting your home? How about your fire insurance? Have your policies been adjusted in accordance with enhanced property values? If fire destroyed your store, or your home, tonight, would your loss be fully covered? **Not what your property cost, but what it can be replaced for, should determine the amount of your insurance.**

at last the Kaiser speaks

If anybody knows the truth about the tangle of court intrigue, diplomatic chicanery and militaristic ambition which destroyed imperial Germany and plunged five continents in war, it is the ex-Kaiser.

For four years, ever since the abdication and flight into Holland, William Hohenzollern has maintained silence. Now, at last, he has dropped the masque and told the whole story of Germany's imperial enterprise. Arraigned before the court of world opinion, the Kaiser makes his plea. It is easily one of the most interesting historical documents ever penned.

The Kaiser's Memoirs will start in the Bulletin on September 25th and run serially in every issue until finished. Every newspaper reader in the world will want to read this fascinating story, which is appearing simultaneously in daily newspapers published in every quarter of the globe. *But* the San Francisco Bulletin is the only California newspaper north of the Tehachapi in which you can read this great feature, for which we have secured exclusive rights. Weather Rots *Unpainted* Buildings

Can You Afford to Rebuild in a Few Years?

YOUR investment in buildings depreciates rapidly unless it is protected from the weather by paint.

A rotting building is a heavy expense. It means either costly repairing or total rebuilding. Paint saves this cost. Use paint now.

The next question is what paint to use. Use the best. It costs less in the long run.

The best paint spreads easily—it saves labor cost. It covers more surface per gallon than "cheap" paint.

And the best paint will serve you five or more years longer than "cheap" paint.

So paint your buildings when they need it and use the best paint. That's a dollar-saving policy.

The best paints are scientific in formula and preparation. We've made them for 73 years—to meet the weather conditions in the West.

The best materials—PIONEER WHITE LEAD, pure linseed oil, pure zinc and pure colors—are combined in Fuller's Paints in scientifically exact proportions with long-time skill.

CHIROPRACTIC IS YOUR BEST FRIEND

Lack of Vital Force

If there is anything wrong with your head, lungs, heart, stomach, kidneys or any other part of the body, you can be sure that it is due to lack of Vital Force going to those organs due to a pressure upon the nerves where they leave the spinal cord. The Chiropractor, by means of Chiropractic Vertebral Adjustments, given with the bare hands alone, relieves this pressure and the Vital Force is thus permitted to flow uninterruptedly to these organs. The result is Health. Consultation and Spinal Analysis Free.

A Triumph for Value

IN the past two months Firestone has built and marketed more tires than in any similar period in its history.

This steadily increasing public preference is proof of the recognition by car owners of the greater values offered by Firestone. It is a tribute to Firestone men—all stockholders in the company—all actuated by the operating principle of Most Miles per Dollar.

The high average performance of Firestone Cords is without equal in the annals of tire making and is reflected by the general tendency to specify Firestone for hard service. Taxicab and bus lines, buying tires by the mile, are universally equipping with Firestone Cords.

There are many reasons for the high quality of Firestone tires but chief among the special manufacturing processes are double gum-dipping, thus eliminating internal friction by insulating each cord strand, and air-bag cure, insuring a well-balanced and perfectly shaped product.

Don't speculate in tires—*you* will find the right combination of price and quality in Firestone. Come in and let us tell you about the service these Cords are giving other car-owners whom you know.

The provisions of this section shall be applicable also to the interest coupons pertaining to the bonds authorized by this act to be issued, and shall be applicable, as far as practicable to any duly authorized agent of the state treasurer.

SEC. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

Said amount shall be refunded to the general fund of the state treasury out of the land settlement fund in accordance with the provisions of this act on controller's warrant duly drawn for that purpose.

SEC. 7. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as the said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the state land settlement board and approved by the governor of the state; but said treasurer must reject any and all bids for said bonds or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and with the approval of the governor, he may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the day fixed for such sale.

SEC. 8. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco and also by publication in one newspaper published in the city of Oakland and by publication in one newspaper published in the city of Los Angeles and by publication in one newspaper published in the city of Sacramento once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the land settlement fund in the state treasury and must be used exclusively to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, in accordance with the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; **provided,** that the said land settlement board must pay over to the general fund of the state from the proceeds of the sale of bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund of the state treasury for the use of the state land settlement board on condition that it shall be so paid over; **provided, further,** that the said state land settlement board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; **and provided, further,** that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

SEC. 9. The state land settlement board shall be and hereby is authorized, with the approval of the state board of control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bonds of the United States, or of the State of California or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or any of them, at the governing market rates, upon approval of the state board of control.

SEC. 10. There is hereby created a state land settlement finance committee composed of the governor, state controller, state treasurer, chairman of the state board of control, and chairman of the state land settlement board, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. The attorney-general of the state shall be the legal advisor of the state land settlement finance committee.

Upon request of the state land settlement board supported by a statement of the plans and projects of the state land settlement board with respect thereto, the state land settlement finance committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution.

SEC. 11. Whenever the said state land settlement finance committee shall have determined that a bond issue under this act is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the state treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.

2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.

3. The annual rate of interest which the bonds to be issued shall bear.

4. The number, numerical sequence, amount or amounts, and the dates of maturity of the interest coupons to be attached to the said bonds.

5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the state land settlement finance committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the state land settlement board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable, with the dates and amounts of such estimated revenues; **provided,** that the bonds first to mature in each issue, shall mature not later than five years from the date of issuance thereof; **provided, further,** that specified numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; **and provided, further,** that the bonds last to mature in each issue shall mature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the state land settlement finance committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals from the date of issuance of said bonds; **provided,** that the interest coupon first payable may, if the state land settlement finance committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

SEC. 12. All actual and necessary expenses of the state land settlement finance committee and of the members thereof shall be paid out of the land settlement fund, upon approval of the state board of control and on controller's warrant duly drawn for that purpose, and shall constitute expenses of the state land settlement board.

SEC. 13. The state controller, the state treasurer, and the state land settlement finance committee shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 14. This act, if adopted by the people, shall take effect on the fifteenth day of November, 1922, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Opposite the words "For the land settlement bond act of 1921" and "Against the land settlement bond act of 1921" there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the land settlement bond act of 1921" and those voting against the said act shall do so by placing a cross opposite the words "Against the land settlement bond act of 1921." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 16. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 7. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as the said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the veterans' welfare board and approved by the governor of the state; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and with the approval of the governor, he may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the day fixed for such sale.

SEC. 8. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco and also by publication in one newspaper published in the city of Oakland and by publication in one newspaper published in the city of Los Angeles and by publication in one newspaper published in the city of Sacramento once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the veterans' welfare fund for land settlement, or into the veterans' farm and home building fund, as the case may be, in accordance with the resolution of the veterans' welfare finance committee, provided for in section eleven of this act, by virtue of which resolution the said bonds shall have been issued, and must be used exclusively to provide useful employment and the opportunity to acquire farm homes with profitable livelihood on the land for veterans and to provide for cooperation of the state with the agencies of the United States engaged in work of similar character, and to furnish to veterans the opporunity to purchase farms, homes and home sites, in accordance with the provisions of the California veterans' welfare act and of the veterans' farm and home purchase act, or either of them, and of any and all acts amendatory or supplemental to said acts, or either of them; **provided,** that the said veterans' welfare board must pay over to the general fund of the state from the proceeds of the sale of the bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund in the state treasury for the use of the said veterans' welfare board on condition that it shall be so paid over; **provided, further,** that the said veterans' welfare board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; and **provided, further,** that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

SEC. 9. The veterans' welfare board shall be and hereby is authorized, with the approval of the state board of control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bonds of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or any of them, at the governing market rates, upon approval of the state board of control.

SEC. 10. There is hereby created a veterans' welfare finance committee composed of the governor, state controller, state treasurer, chairman of the state board of control, and chairman of the veterans' welfare board, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. The attorney general of the state shall be the legal advisor of the veterans' welfare finance committee.

Upon request of the veterans' welfare board, supported by a statement of the plans and projects of the veterans' welfare board with respect thereto, which statement shall designate the specific fund to which such plans and projects relate, the veterans' welfare finance committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution.

SEC. 11. Whenever the said veterans' welfare finance committee shall have determined that a bond issue under this act is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the state treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.

2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.

3. The annual rate of interest which the bonds to be issued shall bear.

4. The number, numerical sequence, amount or amounts, and the dates of maturity of the interest coupons to be attached to the said bonds.

5. The specific fund into which the proceeds from the sale of the bonds to be issued shall be placed and from which disbursements thereof shall be made in accordance with this act.

6. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the veterans' welfare finance committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the veterans' welfare board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable, with the dates and amounts of such estimated revenues; **provided,** that the bonds first to mature in each issue, shall mature not later than five years from the date of issuance thereof; **provided, further,** that specified numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; **and provided, further,** that the bonds last to mature in each issue shall nature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the veterans' welfare finance committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals from the date of issuance of said bonds; **provided,** that the interest coupon first payable may, if the veterans' welfare finance committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

SEC. 12. All actual and necessary expenses of the veterans' welfare finance committee and of the members thereof shall be paid out of the fund into which the proceeds from the sale of said bonds shall be covered, upon approval of the state board of control and on controller's warrant duly drawn for that purpose, and shall constitute expenses of the veterans' welfare board.

SEC. 13. The state controller, the state treasurer, and the veterans' welfare finance committee shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 14. This act, if adopted by the people, shall take effect on the fifteenth day of November, 1922, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 15. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1922, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the veterans' welfare bond act of 1921," and in the same square under said words the following in brevier type: "This act provides for a bond issue of ten million dollars to be used by the veterans' welfare board in assisting California war veterans to acquire farms or homes." In the square immediately below the square containing such words, there shall be printed on said ballot the words: "Against the veterans' welfare bond act of 1921," and in the same square immediately below said words "Against the veterans' welfare bond act of 1921" in brevier type shall be printed "This act provides for a bond issue of ten million dollars to be used by the veterans' welfare board in assisting California war veterans to acquire farms or homes." Opposite the words "For the veterans' welfare bond act of 1921" and "Against the veterans' welfare bond act of 1921," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the veterans' welfare bond act of 1921" and those voting against the said act shall do so by placing a cross opposite the words "Against the veterans' welfare bond act of 1921." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 16. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 17. It shall be the duty of the secretary of state in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election in the month of November, 1922; the costs of publication shall be paid out of the general fund, on controller's warrants duly drawn for that purpose and shall be refunded to the general fund out of the veterans' welfare fund for land settlement and the veterans' farm and home building fund jointly, each of said funds sharing one-half of said costs. Said refund shall be made upon controller's warrants duly drawn against said funds for said purpose upon demands audited by the state board of control.

SEC. 18. This act may be known and cited as the "veterans' welfare bond act of 1921."

SEC. 19. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

OREGONIANS VISITING

During the past week Mrs. E. P. Lewis, son and daughter have been visiting the aunt of Mr. Lewis, Miss Kate Phelps. The visitors hail from Marshfield, Oregon where Mr. Lewis is proprietor of the Pioneer Hardware Co. a big mercantile institution. Mr. Lewis, who is a nephew of Miss Phelps could not accompany the party, as he was called east to attend a national session of the hardware men of the country. The trip was made down the coast by automobile and the return will likely be through the interior and into central Oregon and then home. Years ago Ed. Lewis lived in Ukiah and there are many of the old residents who remember him favorably.

Girls Full of Pep." They are reputed to be high-class entertainers. Miss Judith Reusch, who is also with the revue possesses an excellent cultivated soprano voice, and is sure to please Pow-Wow patrons with her ballads and songs. With the revue will also appear Miss Pearl Clow, a solo dancer. Last but by no means least will be the famous Fiest Trio of three affable, talented young men who will render popular late selections. The Fiest Trio has scored favorably at the State Fair for several years past. They also proved a big drawing card at the Panama-Pacific Exposition.

The Executive Committee announces the following as the official program by days for the Harvest Festival:

FIRST DAY:—Coronation Day; North of Bay Counties Day; Redwood Highway Day, Children's Day, Redwood Valley Day, Potter Valley Day and Anderson Valley Day.

The Queens Contest Committee reports the first of this week that the surprise of the contest up to this time has just been developed in Anderson Valley where the residents are centering their concerted efforts in electing Miss Lena Brusa. Although Miss Brusa was the last entry received only ten days ago she is now leading the field of contestants by a very good margin.

Miss Gertrude (Jack) Rushing of Fort Bragg is second.

Miss Gladys Tull of Redwood Valley third.

Miss Evelyn Casella of Ukiah fourth.

It is expected that the last two weeks of the contest will be characterized by spirited competition as the friends and admirers of the girls in the different communities will lend their best efforts in their behalf. The 4-door Chevrolet sedan that is to be given away in connection with the Queen Contest is now on display at Housen & Higgins, and has been the source of many complimentary remarks.
